

**Zoning Public Hearing
CITY OF AUSTIN
RECOMMENDATION FOR COUNCIL ACTION**

**AGENDA ITEM NO.: Z-10
AGENDA DATE: Thu 06/09/2005
PAGE: 1 of 1**

SUBJECT: C14H-04-0031 – Ikins-O’Connell-Messer House. Conduct a public hearing and approve an ordinance amending Chapter 25-2 of the Austin City Code by rezoning property locally known as 2608 McCallum Drive from family residence (SF-3) district zoning to family residence – historic (SF-3-H) combining district zoning. Historic Landmark Commission Recommendation: To grant family residence – historic (SF-3-H) combining district zoning. Zoning and Platting Commission Recommendation: To be reviewed on June 7, 2005. Applicant: Historic Landmark Commission. City Staff: Steve Sadowsky, Historic Preservation Office, Neighborhood Planning and Zoning Department, 974-6454.

REQUESTING DEPARTMENT: Neighborhood Planning and Zoning

DIRECTOR’S AUTHORIZATION: Alice Glasco

ZONING CHANGE REVIEW SHEET

CASE NUMBER: C14H-04-0031

HLC DATE: December 13, 2004

January 24, 2005

ZAP DATE: April 19, 2005

May 17, 2005

June 7, 2005

AREA: 13,500 square feet

APPLICANT: Historic Landmark Commission

HISTORIC NAME: Ikins-O'Connell-Messer House

WATERSHED: Shoal Creek

ADDRESS OF PROPOSED ZONING CHANGE: 2608 McCallum Drive

ZONING FROM: SF-3

ZONING TO: SF-3-H

SUMMARY STAFF RECOMMENDATION: Staff recommends the proposed zoning change from family residence (SF-3) district to family residence - Historic (SF-3-H) combining district zoning under Historic Landmark Designation Criteria 1, 3, 6, 7, 11 and 12.

HISTORIC LANDMARK COMMISSION ACTION: December 13, 2004: Initiated a historic zoning case on the property upon application for a relocation permit. January 24, 2005: Recommended the proposed zoning change from family residence (SF-3) district to family residence - Historic (SF-3-H) combining district zoning under Historic Landmark Designation Criteria 1, 3, 6, 7, 11 and 12. Vote: 4-1-2 (West opposed; Leary and Limbacher recused; Fowler absent).

ZONING AND PLATTING COMMISSION ACTION: April 19, 2005: Postponed to May 17, 2005 at property owner's request. May 17, 2005: Postponed to June 7, 2005 at neighborhood's request.

DEPARTMENT COMMENTS: The house is contributing to the Old West Austin National Register Historic District. It is located outside of the scope of the Comprehensive Cultural Resources Survey (1984). The City's old historic landmark designation criteria are being used to evaluate this house, as they were in effect at the time the case was filed. The house would also qualify for landmark designation under the new criteria for its architectural significance as an excellent example of the Classical Revival style and for its associations with Milton Messer, whose family established the Modern Supply Company, a welding concern in Austin, and who was involved in many metallurgical projects in the city, including the construction of the UT tower and Mansfield Dam.

The case came before the Historic Landmark Commission upon an application for a demolition permit. The owner is opposed to historic designation for this property.

CITY COUNCIL DATE: June 9, 2005

ACTION:

ORDINANCE READINGS: 1ST 2ND 3RD

ORDINANCE NUMBER:

CASE MANAGER: Steve Sadowsky

PHONE: 974-6454

NEIGHBORHOOD ORGANIZATION: Pemberton Heights Neighborhood Association

BASIS FOR RECOMMENDATION:

The ca. 1938 house is over 50 years old, retains a high degree of architectural integrity, and meets old Historic Landmark Designation Criteria 1, 3, 6, 7, 11, and 12:

1. **Character, interest, or value as part of the development, heritage or cultural characteristics of the City of Austin, State of Texas, or the United States.** The ca. 1938 Ikins-O'Connell-Messer House is located in Section 8 of Pemberton Heights, a later addition to the original Pemberton Heights plat of the 1920s. Developed as an exclusively residential upper middle class suburb after the opening of the 24th Street bridge across Shoal Creek, Pemberton Heights featured curving streets, minimum setbacks from the streets, and prohibitions on businesses to ensure residential property values. Pemberton was one of the city's first automobile suburbs, attracting families wishing to escape the congested urban core for the large lots and pleasant suburban surroundings of the west bank of Shoal Creek.
3. **Embodiment of distinguishing characteristics of an architectural type or specimen.** The ca. 1938 house is an excellent example of the Classical Revival style with its symmetrical façade, full-height columns with Corinthian capitals, pedimented portico, leaded glass sidelights, and rear Palladian window.
6. **Relationship to other distinctive buildings, sites, or areas which are eligible for - preservation according to a plan based on architectural, historic, or cultural motif.** The house is contributing to the Old West Austin National Register Historic District.
7. **Portrayal of the environment of a group of people in an area of history characterized by a distinctive architectural style.** The house reflects the general composition of the neighborhood, which was designed to be an affluent suburb. The longest-term occupant of the house was Milton Messer (1917-2004), a native Austinite, who owned and operated Modern Supply Company, a welding and machine shop founded by his father in 1933. In the last years of the Depression, Messer went to work for Brown and Root, erecting the cable crane to deliver concrete to the Marshall Ford (now Mansfield) Dam. He took over Modern Supply in 1942, and moved the shop from 406 Brazos Street to 316 North Lamar. Messer built the City Hall transmission tower, fabricated the six large plaques on the State Archives Building in the 1960s, and restored the Walter Tips engine for Franklin Savings Bank when they restored the Walter Tips Building on Congress Avenue in the 1970s. Messer was honored with a bronze medal for Industrial Arts by the Austin chapter of the American Institute of Architects in 1981 for his contributions to Austin business and architecture.
11. **Identification with a person or person who significantly contributed to the culture and development of the city, state, or United States.** See No. 7 above.
12. **A building or structure that because of its location has become of value to a neighborhood, community area, or the city.** The house occupies a prominent corner at McCallum Drive and Gaston Avenue in Pemberton Heights. The Heritage Society of Austin as well as neighbors

and neighborhood groups have expressed support for preservation of this house and designation as a historic landmark.

PARCEL NO.: 01160005150000

DEED RECORD: Vol. 2163, p. 258

LEGAL DESCRIPTION: Lot 15 and the South 15 Feet of Lot 14, Block 27, Pemberton Heights, Section 8.

ANNUAL CITY TAX ABATEMENT: \$2,000 (50% of estimated city taxes is \$1,542).

APPRAISED VALUE: \$625,528

PRESENT USE: Residence

CONSTRUCTION/DESCRIPTION: Two-story rectangular-plan side-gabled Classical Revival-styled frame house with full-height central pedimented portico with Corinthian columns and capitals, leaded glass sidelights, and rear Palladian window.

CONDITION: Good.

PRESENT OWNER

Redbird Energy
c/o Bill and Melanie Walters

MILTON MESSER 1917-2004

"Milton Messer was a machinist, a modern day blacksmith, fifth-generation in fact, who has had a considerable hand in forging the face of Austin."¹ Milton had a hand in shaping many familiar structures in and around Austin, most notably the University of Texas tower (see photo 1), Mansfield Dam, the Moonlight Towers, and the bridges spanning Town Lake.² In 1960, during the active part of his career, he and his wife bought their Pemberton home (photo 2), on the corner of McCallum and Gaston, and lived there until 2004.

Milton grew up in the house his grandfather built on Garden Street in east Austin. He went to Austin High School and Wesleyan College, which used to be located on the U.T. campus.³ However, he learned his trade while a youngster in the shop of his father, Joy Clark Messer (photo 3), who founded Modern Supply (photo 4, 5, 6), a big welding and machine shop then located at 406 Brazos, in 1933. Joy Clark Messer, as Milton recalled, unloaded and drove the first automobile in Austin.⁴ Milton's grandfather,

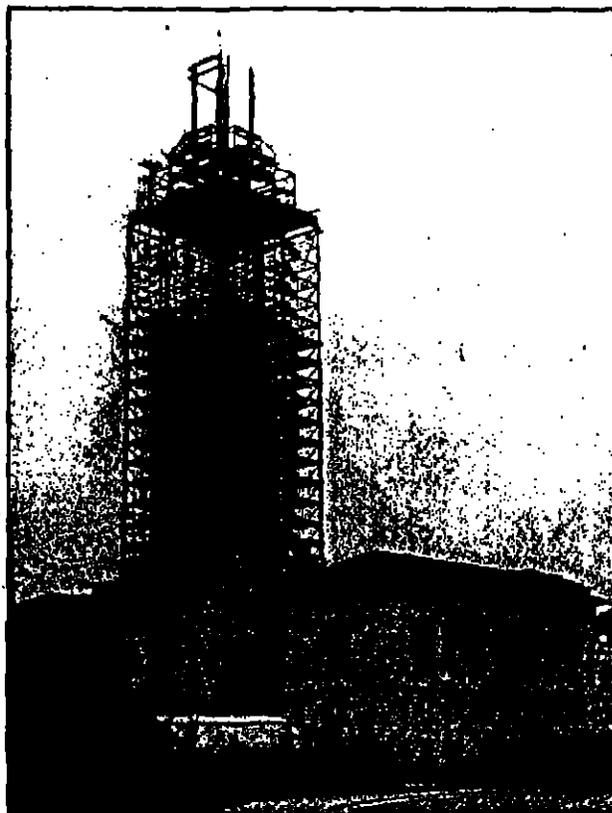

Photo 1

Photo 2

Jeremiah Clark, trained his son Joy in Martindale, his birthplace, and in Austin, where the family moved in 1895.⁵ "Milton literally grew up in the steel and machine age – inside a machine shop."⁶

"Milton, at age 20 (1937), went to work for Brown & Root at Marshall Ford Dam (now Mansfield Dam) – during the Depression work was slow at his father's machine shop. In this five-year period he was involved in the erection of a cable crane that delivered concrete to the dam structure."⁷

"In 1942 he returned to Modern Supply and took over the business. He was able to solve the financial difficulties the company had run into; he turned the business around, and it became the premier machine shop in Austin for the rest of the last century. He moved the business from 406 Brazos to 316 North Lamar (photo 7) in 1945, paying \$750 for that lot."⁸

Modern Supply, via both Milton and his father, was instrumental in the business life of Austin. Messer Sr. (Joy) kept the presses rolling at the Austin American Statesman. This meant that Joy had to get up in the middle of the night and rush to the pressroom to see that the Austin American Statesman was on your doorstep before breakfast.⁹ Milton's work also impacted daily lives in Austin. The owner of Austin Cleaners told him in 1977 that he didn't know what he'd do if Messer ever shut down his operation. Or for that matter, what will the inmates of the County Jail do if the locking device on the master door ever malfunctions again? It was Milton Messer who cut it open the last time to get in to feed the prisoners.¹⁰ A 1950 photograph shows the City Hall transmission tower being installed, with Milton on the job at the top (photo 8). Milton fabricated the six large shields or

Photo 3

plaques on the State Archives Building (in the 1960's) at the Capitol; he did repair work on the Capitol as well. He also restored the Walter Tips engine that sits in the lobby of the Walter Tipps Building on Congress Avenue. He did that work for Franklin Savings. As of the 1970's there was still a big need for the service Milton offered. His work is not restricted simply to Austin. "The bronze medallion of the American eagle, which hangs outside the U.S. Embassy in Mexico City, was welded and assembled in Messer's shop"¹¹ (photo 9).

Photo 4

Milton not only helped create, but also helped preserve. "Messer is so interested in preserving Austin's past history, as well as helping take care of the future, that he has been collecting things pertaining to products that are no longer manufactured. One item is a coffee roaster used by the John Bremond Coffee Company; another is a two cylinder Tips Engine - both of these are in operable condition, as is his 1912 Model T Ford."¹²

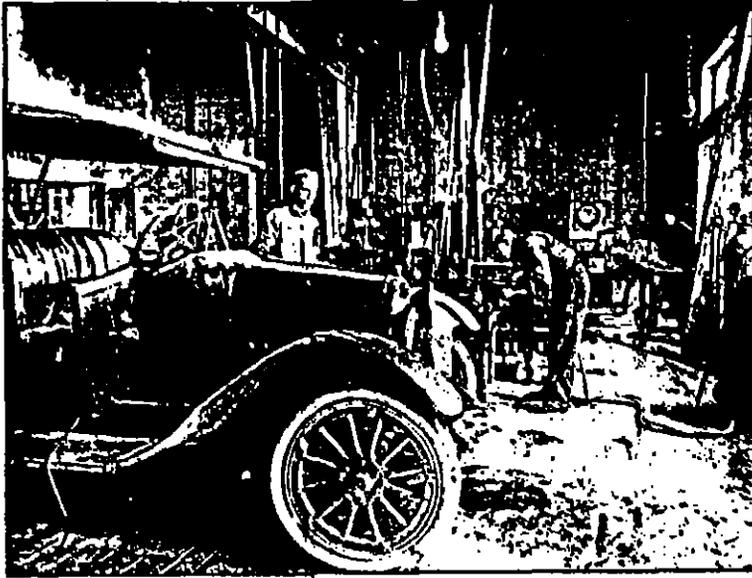

Photo 5

Photo 6

As of the 1970's, there would apparently be no family successor to Milton to run Modern Supply. His only son had chosen the insurance business, and the three daughters did not opt to succeed their dad in the family business. "In 1981 when Milton decided to retire from Modern Supply, he organized a corporation, giving approximately 50% of the stock to his employees and selling the remaining stock to a new management team. This team was a partnership of a mechanical engineer, who is the active partner at the shop, and two certified public accountants. It is a tribute to Milton's sense of charity and good business that brought him to this position today, and left him as a consultant to Modern Supply."¹³ This quote was part of the introduction of Milton as he was honored with one of the Bronze Medals for Industrial Arts by the Austin chapter of the American Institute of Architects in 1981 (document 1). The same presenter's words aptly convey Milton's contribution to Austin. "Milton's task to us architects has been that of solving difficult problems, in making repairs, 'making it work,' and refitting, etc. Milton is a wizard when it comes to fixing things up, especially when there is a breakdown in the field and upon taking over a task a after a customer might think there is no solution. There can be no testimonial better than that given by Mike McWhorter, Shop Foreman at Modern Supply: 'There are few buildings or areas that haven't some part of the work done by Modern Supply.' Mr. Messer has worked for every building project in town. You might say he is almost an institution."¹⁴

VIA E-MAIL AND HAND DELIVERY

Re: 2608 McCallum (Corner of Gaston Avenue and McCallum)

Dear Members,

I am delivering this letter to you and City of Austin officials today in order to formally notify you in writing that I, along with my wife Melanie, are vehemently opposed to any action by the landmark commission that would deny relocation or demolition of the structures on the property referenced above. This location will be the site of our new residence.

As many of you know, I am a twenty seven (27) year Austinite who has lived on Gaston Avenue the past fourteen (14) years, just five houses west of 2608 McCallum (corner at Gaston). We purchased the property back in September of last year from the Messer family, who have been friends of ours for over twenty years. Their family lived at the location from 1960 until the summer of 2004. Following acquisition of the property, our design and home building team, led by Don Crowell Fine Homes, Inc., completed a thorough due diligence of the property and we collectively determined that demolition or relocation was the only way to address the insurmountable structural antiquation of the improvements, including interior, subsurface and exterior. The vacant structures are a significant liability to both my family and the immediate neighborhood. Kids have already started mowing designs in the yard and we certainly do not want to see graffiti or "parties" happening in the future.

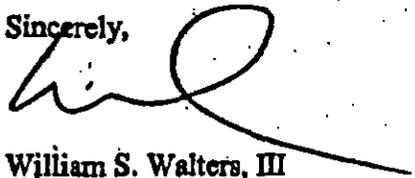

I attended the Pemberton Homeowners Association board meeting last Thursday solely in order to introduce myself and to pass out a bound presentation on our future home site. The presentation identifies scale, square footage, tree preservation, etc. and gives the neighborhood volunteers a clear sense of what Melanie and I are planning (Landmark Commission members: this is the exact same package before you now). No action was or ever will be requested of the Pemberton board. Steve Sadowsky attended the same meeting and ironically was in mid presentation of his own on some draft guidelines when I walked in. Steve did not know who I was when I arrived. I listened very carefully to his presentation, during the time I was there, and heard him state clearly several times to the group that with the owner's valid petition process in place at the city, the owner will ultimately succeed with their wishes on their own private property so long as they have the tenacity and financial ability to fight thru the City of Austin process. I am not intimidated by the City of Austin processes as I work professionally with them on a daily basis. My family paid around \$30,000 in taxes this year (2004) on these 2 Gaston houses and we will certainly fight this to the valid petition ending. Why would the landmark commission even consider harming an owner that is adamantly opposed to designation if Mr. Sadowsky is correct? Why would the Landmark Commission intentionally waste the City of Austin's time and resources in this case if following Steve's statements? This makes no sense to us.

The opposition in this case is a tiny minority of property owners in the area who are trying to micromanage other people's private property without any regard to the cost or liability to the owner. My strategy has always been to work with the immediately adjacent neighbors to address as many of their concerns as possible. After all, we have lived five (5) houses from the subject for fourteen years and most neighbors know our character, tastes, and architectural style. We will solve the concerns together as close neighbors. An open house was held at the property yesterday afternoon with strong attendance by area neighbors in support of our goals. No one from the opposition showed up. How do you intelligently oppose something like this when you haven't even been inside the structures?

The idea of subjectively identifying well over 1500 "contributing properties" in the west Austin area and taking action against longtime owners' plans and wishes by a small minority of activists is a troubling concept. The market place should be allowed to function in its pure sense in the area. I am used to working with neighborhood groups throughout the City in my long career here and I thought I had "seen or heard it all" until this one. In fact, I processed six (6) successful large zoning cases totaling over 250 acres through the City last year alone; so the current Zoning and Platting Commission, City Council, and City department heads are familiar with me, my projects, and my capabilities. The tax base roll back that would result if the opposition succeeds would be financially irresponsible given the City of Austin's need to compete for jobs and additional services against other cities in our region and across the country. What about our school system?

Please protect properties like the Castle and the Pease mansion in our neighborhood that are truly historic. This property is not historic in any published register, title work, or the like and is a significant liability as it stands. I urge you to please approve the permit this evening and avoid the cost and the time delay of the valid petition to both my family and the City of Austin.

Sincerely,

William S. Walters, III

2608 McCALLUM DRIVE : DEMOLITION OF EXISTING STRUCTURE AND CONSTRUCTION OF NEW RESIDENCE

OWNER: BILL & MELANIE WALTERS

ARCHITECT: ARKIRECTO / PETER DICK ARCHITECT

BUILDER: DON C

PROJECT NARRATIVE SHEET #1

INTRODUCTION TO CONCEPTUAL APPROACH - WALTERS RESIDENCE @ 2608 McCALLUM

Bill and Melanie Walters, longtime residents of the Pemberton neighborhood at 1414 Gaston Avenue, have had the unique opportunity to purchase the Messer Residence at 2608 McCallum Dr. in the fall of 2004. The Walters' intent, and the approach of the whole team, is to design and construct a gracious and sympathetic new home that will seamlessly integrate into the existing neighborhood. Prime generative forces in the design and constructive effort will be respect for the extant scale and stylistic context of the neighborhood, as well the retainage of as many of the mature plantings as is physically possible.

We hold a strong belief in the concept of a team effort being the optimum approach to the successful execution of any project. The team - Bill and Melanie Walters as clients, Peter Dick as the architect, and Don Crowell as the builder - all bring sensitivity and rigor in their respective approaches to the process, as shown in the recent successful remodel of the Walters' existing residence at 1414 Gaston Ave. This project is chronicled in this booklet (see Sheets EX 1.3 through EX 1.7); also, additional examples in the immediate neighborhood of work built by Don Crowell, Inc. are included (see Sheets EX 1.8 / EX 1.9 / EX 1.10).

The existing structure, originally constructed in 1939 in an amalgam of classical precedent tempered by the move toward modernist tendencies, is in such need of rehabilitative effort that it was deemed better to move it, if possible; and start from scratch. All of the mechanical systems (HVAC / electrical / plumbing) are deficient or non-existent, and replacement and/or upgrading would require such substantial reconfiguration of the interior spaces as to render them unrecognizable. The notable architectural attributes of the house that give it some charm - the front entry columns and pilasters - will be saved and installed at a future location.

City regulations mandate a twenty-five (25) foot front yard setback for the SF-3 zoning jurisdiction for this area. There is a more restrictive covenant of forty (40) feet for this lot's front yard setback, and this additional fifteen feet of area is what we are requesting your consideration in waiving. The more restrictive setback scenario exponentially increases the difficulty of the challenge in satisfying the wishes of the Walters, i.e. the inclusion of exterior amenities such as a pool and enclosed exercise yard for their dog 'Chief', and the graceful integration of these features with the proposed site footprint of an approximate 3,200 square foot residence and a three-car garage.

The following Project Narrative Sheet details the site chronology and the physical description of the extant structure, as well as a verbal comparative analysis / synopsis of the differences between the 25' setback scheme and the 40' setback scheme. Next are the site plan sheets that graphically chronicle the differences between what is there and what is proposed. Finally, four examples in the immediate area are offered to show the talents and capabilities of the team members and their commitment to the poetic articulation of the built environment.

F NEW RESIDENCE

ECT BUILDER: DON CROWELL, INC

SHEET #2

PROGRAMMATIC SYNOPSIS - PROPOSED WALTERS RESIDENCE @ 2608 McCALLUM

DESIRED NEW RESIDENCE ALLOWANCE(S)

- Approx. 4,500 to 5,200 SF enclosed space, of which approximately 3,200 SF would on the ground floor
- Enclosed 3-car garage
- Enclosed, private rear patio
- Location for swimming pool
- Mature trees integrated w/structure and pool area
- Extensive planting scheme sympathetic w/neighborhood context
- Fenced animal exercise area for their dog 'Chief'
- Modern and energy efficient envelope components, such as windows / roof / insulation / cladding, etc.
- Modern mech'l systems: HVAC/elec/security, etc.
- Accommodating plan configuration
- Expanded material choices
- Neighborhood compatibility in scale / context / level of finish

COMPARATIVE ANALYSIS / SYNOPSIS - 25' SETBACK PROPOSAL versus 40' SETBACK PROPOSAL

25' SETBACK ALLOWANCE(S)

- Approx. 4,500 to 5,200 SF of enclosed space is desired, of which approximately 3,200 SF would on the ground floor
- Enclosed 3-car garage, with a covered walkway to the house
- Larger enclosed, private rear patio (1,468 SF) with space for planting beds and sitting areas
- Larger swimming pool (approx. 23'W x 34'L)
- Mature trees retained, integrated w/structure
- Two trees would require removal in this scheme
- Planting scheme sympathetic w/neighborhood context
- High quality construction materials and methods
- More opportunities for a gracious internal court

40' SETBACK ALLOWANCE(S)

- Approx. 4,500 to 5,200 SF of enclosed space is desired, of which approximately 3,200 SF would on the ground floor
- Enclosed 3-car garage, with a covered walkway to the house
- Smaller enclosed, private rear patio (724 SF), with very little space for planting beds and sitting areas
- Smaller swimming pool (approx. 15'W x 30'L)
- Mature trees retained, integrated w/structure
- Three trees or more would require removal in this scheme
- Planting scheme sympathetic w/neighborhood context
- High quality construction materials and methods
- Fewer opportunities for a gracious internal court

CITY OF AUSTIN HISTORIC LANDMARK COMMISSION

January 24, 2005

C14H-04-0031 – Ikins - O'Connell - Messer House, 2608 McCallum Avenue

B. Public Hearing To Discuss And Take Action On Historic Zoning Cases

3. C14H-04-0031 – Ikins-O'Connell-Messer House, 2608 McCallum Avenue
Application for historic zoning
By: Historic Landmark Commission
Owner: Melanie and Bill Walters
City Staff: Steve Sadowsky, Historic Preservation Office, 974-6454

Staff Presentation

The ca. 1938 Ikins - O'Connell - Messer House is over 50 years old, retains a high degree of architectural integrity, and is located in Section 8 of Pemberton Heights, a later addition to the original Pemberton Heights plat of the 1920s. Developed as an exclusively residential upper middle class suburb after the opening of the 24th Street Bridge across Shoal Creek, Pemberton Heights featured curving streets, minimum setbacks from the streets, and prohibitions on businesses to ensure residential property values. Pemberton was one of the city's first automobile suburbs, attracting families wishing to escape the congested urban core for the large lots and pleasant suburban surroundings of the west bank of Shoal Creek.

The house was the home of a geologist, then a building contractor and reflects the general composition of the neighborhood, which was designed to be an affluent suburb and occupies a prominent corner at McCallum Drive and Gaston Avenue in Pemberton Heights. The Heritage Society of Austin as well as neighbors and neighborhood groups have expressed support for preservation of this house and designation as a historic landmark.

The two-story house is a rectangular-plan side-gabled Classical Revival-styled frame house with full-height central pedimented portico with Corinthian columns and capitals, leaded glass sidelights, and rear Palladian window.

CITY OF AUSTIN HISTORIC LANDMARK COMMISSION

January 24, 2005

C14H-04-0031 -- Ikins - O'Connell - Messer House, 2608 McCallum Avenue

Staff recommends the proposed zoning change from family residence (SF-3) district to family residence - Historic (SF-3-H) combining district zoning under Historic Landmark Designation Criteria 1, 3, 6, 7, and 12.

In Support Of Historic Zoning

Mr. Bill Britton, 1404 Preston Avenue, stated that the Old West Austin Neighborhood Association does not have the funds to have cocktail parties to rally support from neighbors who are being made to feel loss of ownership rights if they don't support demolition or produce slick brochures to show what would be replacing the house as the owner here has done. Mr. Britton noted that his daughter and her husband live in Evanston, Illinois, where they have a great historical district. Mr. Britton looked into the historic district in Evanston and was told that a landmark does not have to be a masterpiece, but must be important to local history.

Mr. Britton added that the idea that this house is unable to be restored is simply not true. Mr. Britton related that he went to great lengths to restore his house. He bought an old house in a historic neighborhood and knew he did not have a clean slate when he purchased the house. Mr. Britton stated that he had restored his house to what it was when it was built, and noted that the older houses in the neighborhood are being demolished and replaced. Mr. Britton stated that he regrets that there has been a rift between neighbors over the demolition of old houses, but that the neighbors who bought houses in the historic district because of its historic ambience have to stand up to protect what they have. Mr. Britton stated that he would be happy to visit with the owners and provide them with the name of the architect who worked to restore their house.

Mr. Charles Johanson, 1101 Gaston Avenue, stated that he and his wife renovated houses in Pemberton and Tarrytown in the 1970s and 1980s, and never demolished anything because the character of the neighborhood was worth preserving. Mr. Johnson stated that the Pemberton Heights Neighborhood Association was created about four years ago, and that he drafted the bylaws. One of the main principles in the bylaws was

CITY OF AUSTIN HISTORIC LANDMARK COMMISSION

January 24, 2005

C14H-04-0081 – Ikins - O'Connell - Messer House, 2608 McCallum Avenue

the preservation of the unique characteristics of Pemberton Heights. Since 1985 or so, Mr. Johnson has watched the deterioration of the neighborhood through the demolition of historic houses and their replacement with lot-to-lot houses.

Mr. Bryan Chester, 2524 Harris Boulevard, informed the Commission that he has lived in the neighborhood for 5 years. Although he likes some of the new construction, he is more concerned about the preservation of the character of the neighborhood and the historic district, and is in support of historic zoning for 2608 Mc Callum Avenue. Mr. Messer was quite proud of working on the Mansfield Dam.

Ms. Susan Erickson, 1402 Preston Avenue, voiced her support for historic designation and her opposition to demolition. The destruction of this house that is a contributing structure to the Old West Austin National Register Historic District would be detrimental to the historic character of the neighborhood. The issue tonight is not what the owners say they are planning to build on this site; the issue is the loss to the neighborhood and City of Austin if this contributing house is demolished. Ms. Erickson stated that she had come forward because she doesn't want future generations to be referring to her when they ask 'Why did they let this happen?'

Ms. Erickson added that Milton Messer worked on the University of Texas tower, the Mansfield Dam, the Moonlight Towers and the bridges spanning Town Lake. He was a craftsman, a modern day blacksmith, and continued a tradition passed down for 5 generations. Messer's grandfather came to Texas in the early 1800's and brought the trade with him. Milton loved making things for the neighbors and he also treasured showing people who came over the crafts he had made, including a brand he made for Ms. Erickson's husband. He worked for Brown & Root then he took over the Modern Supply Company, turning the business around. He was a fine citizen of Austin, and Ms. Erickson reiterated that this house is worth preserving.

Mr. John Mayfield, 3824 Avenue F, representing the Heritage Society of Austin, read a letter into the record: "The Heritage Society of Austin is opposed to the demolition of any contributing structure in a National Register Historic District. We therefore, respectfully request the property 2608 Mc Callum Street be preserved. For over 50 years

CITY OF AUSTIN HISTORIC LANDMARK COMMISSION

January 24, 2005

C14H-04-0031 – Ikins - O'Connell - Messer House, 2608 McCallum Avenue

the Heritage Society has been the leading protector of Austin's diverse cultural heritage in the preservation of historic treasures and places. As such we are opposed of the potential destruction of this important piece of Austin's past and the precedent of destroying a contributing property in a nationally recognized historic district. Thank you for the many hours of hard work in an effort to preserve what is best about Austin for the future generations." Mr. Mayfield further stated that he toured this property that afternoon, and found that it is the lone survivor in this two-block area. Across the street a house has been torn down and replaced with a large house, and down the street as well, so it is a quite prominent house in its geographical area. It is much larger than the rest and as Steve Sadowsky stated, it is in good condition.

In Opposition to Historic Zoning

Mr. Bill Walters, the owner of the property, stated he has provided the Commission with a presentation that his design team put together, along with a letter from Jay Messer (Bonnie and Milton Messer's son). He read the letter into the record (the actual letter is in the back-up). There is also a letter from him and his wife Melanie regarding this matter and a short response from Betty Baker on the Zoning and Platting Commission. The letter was copied to the mayor, City Council members, Zoning and Platting Commission members, Toby Futrell, City Manager, and Laura Huffman, Assistant City Manager. Mr. Walters stated that he was disturbed by Mr. Britton's comments, and that he didn't understand how the opposition could be here this evening since none or a small percentage of the neighbors have even been in the house. Numerous people from the neighborhood attended the open house held at the property yesterday to have a glass of wine, some cheese and to inspect the interior of the house. This is about driving by and trying to micro-manage other people's private property. He stated it is his hope that the Commission take into consideration their histories and work throughout the City of Austin, and his career here and to the established fact that they are planning to take the zoning case to Zoning and Platting Commission and City Council. We ask that you save the City of Austin and us time and money by approving the demolition permit.

CITY OF AUSTIN HISTORIC LANDMARK COMMISSION

January 24, 2005

C14H-04-0081 – Ikins - O'Connell - Messer House, 2808 McCallum Avenue

Mr. Peter Dick, Architect, showed a zoning map of the immediate area with green dots (37) showing the people in support of demolition and red dots (11) showing the people in opposition to demolition. Mr. Dick then described the house as a stripped-down Neo-Classical example of architecture with very little articulation on the exterior and with the exception of the central stair hall, there is almost none on the interior. The conditions of the exterior and interior are going to be very difficult for someone to perform work on this structure. It all goes back to the foundation, which is moving. No matter what someone does to it, it will continue to move; the only way to address that is with a pier system that you almost would need to take the house down to access the foundation.

Commissioner Julia Bunton asked if the house is in such bad shape what guarantee can be given that this house can be relocated without it being completely destroyed.

Mr. Dick responded that the house is a brick-clad house, so during the relocation process the bricks would need to be stripped off of the exterior, the two-story house would be cut horizontally. David Rodewald, the contracted mover, has performed around 75-80 relocations of brick-clad houses at this point. The foundation is on clay and the clay is moving. The only way the foundation can be repaired is to drill down to bedrock to stabilize the foundation.

Mr. Don Crowell, General Residential Contractor, informed the Commission that he is frequently asked by architects and clients to evaluate existing structures and analyze from various budget and design aspects the pros and cons of renovation vs. new construction. Mr. Crowell said that he evaluated this house and determined that renovation will not yield the desired quality or livability that new home construction would and would incur a 15-20% increase in overall construction cost. The center core of the house is on a pier-and-beam foundation, and there is evidence of considerable movement all through the house, which is very evident when you enter the house; it is less noticeable on the exterior. The process of stabilizing the center core is one of access and going down to terra firma, which is 18-20 feet below the existing grade. This would require considerable destruction of the structure in order to do this in a high quality

CITY OF AUSTIN HISTORIC LANDMARK COMMISSION

January 24, 2005

C14H-04-0081 – Ikins - O'Connell - Messer House, 2608 McCallum Avenue

manner. In addition, both ends of the structure appear to have been add-ons over time; they are not moving similarly with the center core. Mr. Crowell stated that in his opinion and experience, to stabilize those ends would require taking the ends off in order to produce a foundation system that is designed to move similarly with the center core. Roughly a third if not more of this house would require demolition in order for stabilization of the structure. All existing plumbing, wiring and mechanical systems are unimproved, not to code, and would require a complete gut of the interior to gain access for replacement. From a time/budget calendar analysis of this project, Mr. Crowell stated that he is 100% certain that demolition or relocation is the correct course for this house. The Walters made decisions, which were appropriate for the neighborhood and in each case the Walters' made the right choice, not the least expensive choice.

Rebuttal of In Support

Ms. Susan Erickson, stated the reason they did not attend the Walters' cocktail party was because it was at the home of someone they didn't know and had not been invited. They only heard about it in an e-mail that went to some other neighbors. The reason they did not go to the open house is because they had spent so much time in that house over the last 30 years, they didn't feel as if they needed to go see the house. It is obvious that the additions need to be removed, also it is obvious that the main part of the house is sturdy. Ms. Erickson stated that the floors in the Messer house creak less than in her house. The Messer house is on a pier-and-beam foundation, which gives you the opportunity to go in and repair the foundation. Ms. Erickson stated that she had to express shock and disappointment; it is very inappropriate for Mrs. Betty Baker to write a letter when we (the neighborhood) have not had the opportunity to present our case at that Commission meeting. Ms. Erickson stated she is interested in finding out about the letters to the mayor, City Council members, Zoning and Platting Commission members, Toby Futrell, City Manager, and Laura Huffman, Assistant City Manager. She added that just because the house needs new electricity and plumbing does not mean the house needs to be demolished. When you purchase a place this old you should be aware that the house needs new electricity and plumbing. Fear is a big factor in people wanting to demolish a house; they may not be able to sell the property when it is surrounded with bigger houses. Ms. Erickson stated that the Walters have not

CITY OF AUSTIN HISTORIC LANDMARK COMMISSION

January 24, 2005

C14H-04-0091 – Ikins - O'Connell - Messer House, 2608 McCallum Avenue

consulted a restoration architect; if they had a restoration architect who said it could be restored we would have listened a little closer.

Public hearing was closed (Mather/Bunton).

COMMISSION ACTION: BUNTON/MATHER

MOTION: RECOMMEND A ZONING CHANGE FROM FAMILY RESIDENCE (SF-8) DISTRICT TO FAMILY RESIDENCE - HISTORIC (SF-8-H) COMBINING DISTRICT ZONING BASED ON CITY HISTORIC LANDMARK CRITERIA 1, 8, 6, 7, AND 12.

AYES: BUNTON, HANSEN, LAKY, AND MATHER

NAYS: WEST

RECUSED: LEARY AND LIMBACHER

ABSENT: FOWLER

MOTION CARRIED BY A VOTE OF 4-1-2

December 13, 2004

Historic Landmark Commission
City of Austin
P. O. Box 1088
Austin, Texas 7876

Dear Chair Laky and Commission Members:

The Heritage Society of Austin is opposed to the demolition of any contributing structure to a National Register Historic District. We therefore respectfully request that the property at 2608 McCallum Street be preserved.

For over 50 years the Heritage Society has been the leading protector of Austin's diverse cultural heritage through the preservation of historic treasures and places. As such, we are opposed to the potential destruction of this important piece of Austin's past and the precedent of destroying a contributing property to a nationally recognized historic district.

The Heritage Society believes that learning from and celebrating our past while planning for and creating the future enhances livability and a sense of identity. Thank you for your many hours of hard work in an effort to preserve what is best about Austin for future generations.

Sincerely,

Joe Pinnelli
President

Heritage Society of Austin

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (it may be delivered to the contact person listed on a notice); or
- appearing and speaking for the record at the public hearing; and:
- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 14 days after the decision. An appeal form may be available from the responsible department.

For additional information on the City of Austin's land development process, visit our web site: www.austintx.us/development

C14H-04-0031

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (it may be delivered to the contact person listed on a notice); or
 - appearing and speaking for the record at the public hearing;
- and:
- occupies a primary residence that is within 500 feet of the subject property or proposed development;
 - is the record owner of property within 500 feet of the subject property or proposed development; or
 - is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 14 days after the decision. An appeal form may be available from the responsible department.

For additional information on the City of Austin's land development process, visit our web site www.ci.austin.tx.us/development

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an applicant's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (It may be delivered to the contact person listed on a notice); or
- appearing and speaking for the record at the public hearing and:
 - occupies a primary residence that is within 500 feet of the subject property or proposed development;
 - is the record owner of property within 500 feet of the subject property or proposed development; or
 - is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 14 days after the decision. An appeal form may be available from the responsible department.

For additional information on the City of Austin's land development process, visit our web site: www.ci.austin.tx.us/development.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

As residents of the Pemberton Heights for the past 25 years, we wish to voice our opposition to the proposed demolition of the Messer House at 2608 McCallum. The destruction of this home, which is a contributing house to our Old West Austin Historical District, would be detrimental to the character of the neighborhood and to the historical environment we strongly support. Sincerely,

Dale and Chey Coker
1504 Gaston Avenue

Please see return address above.

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (it may be delivered to the contact person listed on a notice); or
- appearing and speaking for the record at the public hearing and:
 - occupies a primary residence that is within 500 feet of the subject property or proposed development;
 - is the record owner of property within 500 feet of the subject property or proposed development; or
 - is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 14 days after the decision. An appeal form may be available from the responsible department.

For additional information on the City of Austin's land development process, visit our web site: www.ci.austin.tx.us/development.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

Comments:

Pemberton is an old
Historic neighborhood.
They have been too
many homes bulldozed
and replaced by oversized
modern homes. The
Messer home is beautiful
2 story with white columns
on gracious corner lot.

Comments: Though I understand the desire to want a newly built home but in the Central Austin area, I strongly oppose to the demolition of historic Woodbridge Dr. I own share in 2518 Woodbridge Dr. I don't see the addition of the original home and rebuild. That would be a beautiful Greek Revival that all who see it - enjoy. DO NOT DEMO!

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (it may be delivered to the contact person listed on a notice); or
- appearing and speaking for the record at the public hearing; and
- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 14 days after the decision. An appeal form may be available from the responsible department.

For additional information on the City of Austin's land development process, visit our web site: www.ci.austin.tx.us/development.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

Comment: My husband & I remodeled our home in 2001. We were committed to making it "fit in" with the neighborhood. We have a vested interest in seeing quality projects - projects w/ architectural integrity - instead of "triet manious". The Watson's project is the best kind for the city & this neighborhood - never occupied and committed to doing it right.

Re: Petition C14H-04-0031 - 2608 McCallum Drive

Dear Mr. Sadowsky,

As current owners of the above stated property, my wife and I are informing you we oppose the rezoning of our property to SF-3-H. This letter serves as a petition against the proposed historic zoning.

Please let me know if you should have any questions.

Sincerely,

William S. Walters, III

Melanie C. Walters
